

CUSTOM DESIGN FORM

My aim is to create exactly what you are looking for according to your tastes. There are a few exceptions- I do not work with diamonds or white gold for ethical reasons. All my gold bezels for opal are 22ct. I do not cast, all my pieces are hand forged and fabricated. Occasionally a design will need to be modified for practical purposes. I money back guarantee the quality of my materials and workmanship.

Please fill out and/or tick all options that apply...

Do you have your own opal/gemstones? If so I need all the dimensions-height, width, thickness, is it a solid, doublet or triplet?

If you would like to choose one of my opals what is your preference?...

|-----------------------------|--------------|-----------------|
| budget-up to or below \$ | boulder opal | matrix opal |
| crystal opal | size | doublet/triplet |

I will send you some photos of options that suit your preferences with opal prices attached.

If I do not have the opal you are looking for I can source it from my opal mining friends.

Do you have a date you need this by?

Do you have a favourite creature, flower, bug etc you wish to incorporate in your setting design? Could be an add on, a cut out shape on the back of the setting or the basis for the whole design.

Please email me a drawing or some photos of designs you like with this form, either from my website or elsewhere to assist me in getting to know your style.

I will never make a direct copy of someone else's design but I can use it as a basis then modify and tweak the design to make it original.

I charge an hourly fee for labour plus materials.
